Essex Gardens Trust (EGT) is a conservation and education charity: the charitable funds that we are able to give to schools have been raised by our members through various events. The aim of the EGT grant scheme is to enhance pupils' learning and skills and stimulate an interest in gardening.

We give grants to new or renovation projects in the region of £200. All applications are reviewed by the EGT Education Group and their decision is final. Applications should be submitted by the end of January each year with decisions made by the end of February.

1. Please give details of your project, and include (or attach) drawings showing approximate plot size; a compass point indicating north; the position of any trees or buildings which may cast shade, and attach photos of the proposed site. *Please use a separate sheet(s) to supplement your application if required.*

2. Your application is more likely to be successful if you can demonstrate
a) the children's continued involvement in the project and growth of horticultural knowledge
b) that your garden project is an inspiring place to support the curriculum
Please give a brief description of how this will be achieved

3. Please outline what the grant money is required for. For example, the number and types of plants, shrubs or seeds needed; measurements of timber or other building materials; pupils' tools or equipment etc. All should be costed up and a total amount given. We do not usually fund labour costs as we hope this work will be done by volunteers.

4. Please state
a) if you have access to gardening knowhow and experience, perhaps from a member of staff, the PTA or community involvement
b) if plans are supported by school management, for example with timetabled use or garden clubs
c) how the garden will be managed in the future

Successful applicants will be required to complete a brief feedback form by the end of the academic year and to acknowledge the funding from Essex Gardens Trust (for example in the school newsletter/on the website/social media etc.). Unsuccessful applicants may still apply for grants in future.

Please return your completed application form with attachments to:

info@essexgardenstrust.org.uk

Deadlines for completed applications for the 2025/26 academic year: 31 January 2026

Useful information for school gardens

We recommend the Royal Horticultural Society Campaign for School gardening website (www.schoolgardening.rhs.org.uk) as a great resource, with lesson plans, information sheets and activities (all free) and, if you register (which is also free), receive a welcome pack with seeds, plant labels and posters and a monthly newsletter and other benefits.
